SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2008/2009 school year was one of continued improvement for Mauldin Elementary School. We were disappointed that we did not make Adequate Yearly Progress (AYP) again, in light of the fact that we made overall gains in student performance. We were very pleased with our state report card ratings that qualified the great work we are doing and confirmed that we are continuing to improve student academic performance each year.

During the school year, the entire faculty continued implementation of Learning Focused best practices in classroom instruction. We further refined our academic assistance program for third, fourth, and fifth grade students and further refined and expanded our reading intervention program for kindergarten, first, and second grade students. We also implemented a research-based model for students with special needs that more effectively meets their learning needs in the classroom.

Three of our faculty and staff were recognized at the district level this year for their outstanding performance. JoAnn Bankhead was selected as district School Support Staff Employee of the Year, Christine Johnson was selected as district Elementary Science Teacher of the Year, and Katrina Miller was selected as district Assistant Principal of the Year. We are very proud of these individuals who are a reflection of the many outstanding people we have who are dedicated to the ongoing improvement of our school.

Our end of year student performance data from MAP (Measures of Academic Progress) was very strong, particularly in Mathematics. This data also indicated strong progress among the under-performing sub groups identified in our AYP objectives last year. This is very promising as it demonstrates the success of our efforts to ensure the academic progress of each and every student in our school.

All measures indicate that we are doing the right things for our students. The academic achievement of our students is on the rise, and survey data collected at the state, district, and school level show improvement and overall positive perceptions about what is taking place at our school. Everyone associated with Mauldin Elementary School should take pride in our accomplishments. We look forward to working with the entire school community as we continue to move forward in making MES the finest school it can be.
